

# Reflection Proforma

Thinking deeply about the below will help you make good decisions about the subjects you should consider studying next year.

**Name:**

**Year 12 HOME GROUP TEACHER:**

In which subjects am I experiencing success?

Which subjects give me the most personal satisfaction and enjoyment?

If you could think of a job you would like to do when you finish school, what would that be?

What would you have to do to be able to work in that job or that industry?

If that job requires you to go to University or TAFE, what are the prerequisites for getting into that University Course? Check the SATAC guide.

Which subjects are necessary for me to achieve my goals?

Am I considering attending an interstate university? Should I consider English as a Stage 2 subject to meet interstate entrance requirements?

Do I want to go to University? Which University are you considering?

What courses are you considering?

Have you checked out the SATAC guide? [www.satac.edu.au](http://www.satac.edu.au)

What was the cut off score for the course or courses you are looking at doing?

Do you wish to get an Apprenticeship? Have you considered Flexible Pathways (FIP) this includes School Based Apprenticeship and Vocational Education and Training (VET)?

## IMPORTANT INFORMATION

You cannot make a good decision about subject selection if you don't know what is involved in each subject.

It's really important that you refer the 2025 11/12 Course Handbook and read the detailed information about any subjects that you are considering.

The Course Handbook and all related resources can be found on the school website via the below link:

[Year 11 and 12 - Naracoorte High School \(narahs.sa.edu.au\)](http://narahs.sa.edu.au)

If you are considering a subject next year that you are currently doing but are not meeting a C grade or better, now is the time to address this. Your teachers have made recommendations into Stage 1 subjects based on your application to the course this year.
